Admins can pin such checklists to the top of the Checklists section by hovering over the desired checklist on the transaction, then clicking the pin. Pinned checklists will appear at the top of the Checklists section for anyone who views the transactions.

Make Your Signatures More Personal

You can now add an image to your personal signature that appears at the bottom of messages you send from Pipeline. Whether you prefer your image to be a company logo, a photo of yourself, or an image of your standard email signature, the choice is yours! Images can also be coupled with any custom text you enter (including links), supporting more consistent branding across all your Pipeline and non-Pipeline messaging.
